

ABOUT EVENT

Launching with the mission of connecting the right buyer agencies with the appropriate service providers, the Globe-Meets B2B Networking Event held its first-ever organization last year and achieved full marks from all participants.

We are overjoyed to have organized an event that not only was prestigious and effective but also business-oriented, beneficial to all participants, and succeeded in creating added value.

Fueled by the satisfaction and positive feedback from the industry and participants, we are highly motivated to deliver an even better event this year.

Based on the feedback we've received, we've decided to extend this year's GlobeMeets B2B Networking Event to two days, aiming for a more productive environment. This will enable all participants to initiate more new contacts and collaborations, and enhance existing ones over the two days.

The high levels of satisfaction and increased demand for our event have also led us to evolve into a larger organizational structure and move to a much larger venue.

This year, our event will be hosted at Rixos Tersane Istanbul, set to become one of Istanbul's most distinguished venues and hotels soon.

Last year, we had the opportunity to host 109 Hosted Buyer agencies from 26 cities, and also welcomed over 700 agency representatives from Istanbul as buyers and visitors.

We managed to bring together buyer and visitor agencies from 38 countries with 52 DMCs, 7 airlines, 3 different tourism offices, hotels from abroad, 2 insurance companies, cruise companies, and our business partners.

We are excited and preparing to elevate our event to even greater heights this year.

To share our preparations with you: we are pleased to be hosting 125 Hosted Buyer agencies from 26 different cities across Turkey (covering accommodation, flight tickets, transfers, and participation in the event). Unlike last year, this year we also plan to welcome 40 Hosted Buyer agencies from 20 different countries.

Additionally, we will be hosting over 700 buyer agencies from Istanbul as visitors.

Throughout the two days, we will facilitate networking among our buyer and visitor agencies with DMCs that can provide local agency services in 50 different countries, tourism offices from around the world, airlines, our supplier partners, international hotels, insurance and visa companies, and a select number of hotelier friends from within the country.

We hope that our event, which we will be holding for the second time, will generate benefits for everyone involved and create added value. We extend our heartfelt thanks to everyone who has joined us on this journey and wish them success.

Touch DMC - Kaan Şaf

Each year, in order to reach new customers or meet with our existing ones, we have participated in the 'Speed Networking' concept in various countries around the world and found it very fruitful. We were delighted that it started in Turkey with the management of the right people and were one of the first companies to register. We realized how correct our decision to participate was in the first moments of the first-ever Gloobmeets and promised to attend the next year. We eagerly await the next date of the Gloobmeets event, which we believe will continue to improve each year.

İlker Habeşoğlu, HBS Group
